

BASTION PRAGUE RESTAURANT

The original nature of the surroundings, with their fascinating and unique view of the outline opposite of Vyšehrad, the Petřín tower and dozens of historic buildings, churches and other monuments, all these offer our guests a gastronomic experience which is somewhat different from a visit to a typical restaurant. Your tastes are taken care of by our team of top-class chefs, who compile a seasonal menu of Czech and international dishes, amazing salads, home-made pastas and, not least, a daily selection of fresh fish. In our wine list you will find a wide selection of over a hundred kinds of wine and champagne drawn from prestigious vineyards both at home and abroad. At our bar we offer a broad range of select top-range alcoholic beverages such as rums, whiskies and cognacs as well as fruit liqueurs and other spirits.

A team of trained staff, including a professional sommelier and barman, are here to guarantee your satisfaction.

The BASTION PRAGUE RESTAURANT is intended to provide the most exceptional of gastronomic experiences, to captivate you not only with its outstanding view of Prague but also with its own pleasant atmosphere. The historic bastion (a projection in a fortification) from which the restaurant is named, was built as part of the construction of the historic southern part of Prague Nové Město undertaken by Charles IV in 1348.

The BASTION PRAGUE RESTAURANT is also the ideal place for corporate entertaining, with facilities for presentations, press conferences, business meetings and dinner events. The gardens (3000 sq.m.) can also be used for weddings, buffet meals, fashion shows and other social events.

We look forward to welcoming you here!
